

The Cajon Order Board

VOL 2

1974

NMRA PCR

NO 1

Number 464 is a Baldwin 2-8-2. This K-27 was constructed in 1903 originally as a Vaucain compound. Soon afterward, it was converted to simple. 464 was retired from active service in 1962 from the D&RGW. 1973 saw this engine moved from Colorado to Buena Park. Knott's Berry Farm has purchased this engine and hopes to put her into service sometime this summer.

464, Boiler #21796, Baldwin, 17x22", 40" drivers, 200psi Boiler pressure, 27,000# Tractive effort, and weighs over 136,650#. ¹

We are continually looking for items of interest, sketches, articles, letters, and information, which we can include in this publication. If you have some item which may be of interest to the membership, please send them in.

The Blank Page

The Fall BOD meeting was held this year in Santa Maria. A very interesting "Mini" was put on by the people in this area with an excellent group of layout tours and their usual top-notch banquet.

A number of items were on the BOD agenda. Approval was given for the purchase of a new adding machine and dry copy machine for the Secretary. An increase to 75¢ was approved for PCR patches due to higher costs.

A new committee was formed for the preservation of films and slides by the PCR. Each division will provide a member of this committee which is chaired on an interim basis by Ezra Goff, Redwood Empire Director. This committee, once formed, will then decide on a course of action for presentation to the Board for necessary funding. Anyone interested in volunteering for a position on this committee, please contact the Division Superintendent or myself.

PCR President Jim Sheets announced the appointment of Eric Bracher to the chairman's position of the re-enacted Public Relations Committee. Each division will furnish a member on this committee. Again, we are looking for volunteers for this position.

A new set of By-Laws for the PCR was presented by the By-Laws Committee. After a complete reading, much discussion and some amending by the Board, these were tabled in order to allow the membership to look them over. Some of the changes are in wording for conformance to State requirements for a corporation. Other changes are, however, more basic and change the method of selecting the PCR officers. Also included is a means of more directly involving the division in PCR affairs by having an assembly where the division superintendents meet with the directors before each meeting. (Our Director does this already. Ed.) Copies of the proposed By-Laws are available in a limited quantity for those interested, from either the Division Superintendent or myself. We will also have copies available for reading at the Division Banquet in February. I would greatly appreciate hearing any comments or suggestions you may have on this matter.

A proposal was made by this Director for PCR funding of each division for the purpose of membership solicitation. This matter was referred to the Membership Committee for consideration.

Duane S. Leetzow
Director
Cajon Division, PCR

Timetable

FEBRUARY 23rd, 1974, Saturday, 3:30 until later in the evening.
CAJON DIVISION FIRST ANNUAL BANQUET, To be held at Knott's Berry Farms Steak House, this Banquet will also include a tour of the shop facility. This event is open to the Public and all are invited to register, and attend. See the insert for details.

April 26th thru April 28th 1974, Las Vegas Hilton, Las Vegas Nevada.
THE 30th ANNUAL PCR CONVENTION will be held in Las Vegas.
If you haven't attended a convention in the past, this is one you should attend.

At the last executive board meeting held 8 Dec. 1973, the following amendment to the By-laws was proposed.

"TO BE ELEGIBLE TO RUN AND HOLD A CAJON DIVISION ELECTED OFFICE, THE CANDIDATE MUST BE AND RETAIN FULL MEMBERSHIP IN THE PCR."

The Executive Board believes this to be an important clarification of the By-laws, and therefore recommend a yes vote.

cut along dotted line

Proposed that the By-laws of the Cajon Division be ammended as follows:

Article 5 Section 1 to read, "To be elegible to run and hold a Cajon Division elected office, the candidate must be and retain full membership in the PCR."
