NEW HAPPENINGS
By Frank Barone
MEMBERSHIP CHAIRMAN
32101 Via de Oliva
San Juan Cap.92675

Am still in need of the where-about of all those Private RR Layout Empires in the Cajon Div. Domain for our Directory. ITS A FREE ENTRY! Where are all our Clubs at?

HO Module specifications are being put together slowly but surely. National standards will be implemented (any HO Club with the same specification can back up to each other) Quite a few HO Module groups are forming throughout our NMRA. In a few years, modules will be the thing; the same as HOn3, coming on strong.

If you have tried to contact NMRA Sec., forget it until our new house has been through "Spring-cleaning"! Received word from Arlita Elmore, Sec-Treas.-PCR, the NMRA doesn't know her! So, she has the same problem as you & me. Be patient! Its like acquiring a new wife: "Whatsa' Model RR?" If the NMRA has DE-RAILED...you keep trying...

Alot of new modelers have joined us within the last 5 months. The only problem is, that I do not know all of them. I do not receive membership up-dates from the PCR. Too frequently, the only new members that I know of are the ones that forward their membership application to me personally for processing, which costs the Div! 1-stamp, 1-envelope, me and my wife's typewriter! (notice I got a plug in for me...) I am not complaining too loudly, if it were not for this, I could not keep up a partial membership list, and without a current list, $\frac{1}{4}$ of the membership would not receive this publication or flyer insert. I do not know exactly where the blame should lay, but I definitely will be bringing it up at the PCR Convention.

Hope to see a lot of you at the Riverside Live Steamers. It should be a BEAUTIFUL DAY for a Sunday Outing. Quite a few members, & not just 1 or 2, but a few have approached me about bringing beer to the meets. I cannot say, bring it or leave it home, as long as a member has common sense enough to not "over-indulge" and become a nuisance, it is up to the individuals own discretion. I'll have an ice chest out at each meet for the members convenience.

BANQUET RAMBLINGS

By F. Barone

First off, I would like to thank all the people that contributed merchandise and their assistance (list at the end of column). There were alot of HAPPY faces around and alot of SAD ones. The SADDIES could not round up enough modelers to sit down for all the clinics that were scheduled. Everyone was on the move up until 6:30, then the days activities caught up with them. Alot of "sore feet" were in attendance around about dinner time, (my family included). We gave a large quantity of merchandise away for the Free Contests and at the registration desk. I had put out a full case of NMRA BULLETINS, "gone" about 35 ORDER BOARDS, "gone". Hope they are enjoyed where ever they are. I was conned into BUYING 22 tickets for the "special" drawing and Dan Crockett (I caught him myself). I didnt think my numbers would stop until the last one.. the BRASS CABOOSE, then like Las Vegas, "missed again"! Dan Crockett had to borrow a largelox to cart his goodies back home to Alaska. The only problem is he has to lose 20 lbs. to wear his vest, unless he sweet-talked Peggy Riggles Shirt Factory into a compromise.....(she did exchange it, so he doesn't have to live off of lettuce). Tom Cummins won the brass caboose donated by MINI TRAINS. We had one of the manufacturers win his contribution back, but he did turn it back in! That's what I call "crickett". I could go on and on about the Banquet, and I will!.....Ted Van Klaveren and Mike Varble and their Clinic.....The F.L.A. N Gaugers..... Gordon Mills guessed every question in one of the Free Merchandise Contests (and I didn't give him help Mom!) Mike O'Connell on his Presentation of the "Making of Kalambachs MRR Unlimited Frank Santangelo standing next to his N'Gaugers, saying, "Who me!" (terrific picture Frank.... GOLD TEETH showing)....Gary Stenberg out in a cold sweat almost, I SAY ALMOST HAD TO JUMP UP AND DOWN ON HIS DERBY!!!!(we had a bet on...missed again) Next time Gary...Wished I had taken a picture of the surprised look on the faces of Eric and Sue Berman when I called out their lucky number for the GRAND PRIZE TRIP AROUND KNOTTS BERRY FARM in the cab of the K-27, plus an Engineer Cap.....and Eric going out the door saying "I don't believe it.etc. etc. etc."...All the modelers that did not win the Grand Prize, send Eric & Sue an old used Christmas Card, at 17082 Pacific Coast Hwy, #205, Huntington Beach 92649, that will show them not to run around shouting "I won, I won"... (ain't I mean E & S).....There were o many Modelers, that I cannot remember all their names but will try DAVE RIGGLE (holding his door prize ticket....and praying "ME, ME, ME"). Would like to thank JIM DAILEY for relieving me to wander through the area. RON TARJANY talking shop with PAUL SCOLES and Fran looking on! GEORGE BATES for taking my money for the PCR Convention...thanks George, but you forgot MY BLUE CHIP STAMPS! And BILL PRIVETT for not telling me his model was better than mine (I did not enter one!).DUANE LEETZOW did not have his swap table with him (Riverside, Duane)....BILL FLINN shaking hands with his new son SPIKE and SAM & NIKKI LA BRECCUE telling BILL, "Go ahead, no one is watching".....ANDY BUCO whom I never signed up for membership "got himself caught".....BYRON AND MARY CUNNINGHAM, that parted with their money and became members, but I did not get any samples...RUSS HAFDAHL KNOTTS HOBBY SHOP and his Jelly cars that I won....BILL COLLETT and those "fast feet" of his did not miss one thing from the Knotts Park through the complete Banquet.....DON AND ADELAIDE MC CORD for volunteering.....COMMANDER PETERSON that I did not have a chance to talk with much JACK ask TERRY where the "nuts and bolts" are for my Sierra!.....DAVID SACKS had a big smile on his face all day (DAVE is happy all the time....).....PAUL SCOLES talking shop with the same RON TARJANY and FRAN looking on!.....(don't you say anything FRAN?????).....JOHN SISKER that I did not get a chance to talk to at all, SORRY. DALE TYRPAK sticking himself with his BADGE CHRIS "Where do you want the projector?" ANDY ANDERSON and his new RR Shirt Factory.....and all the members that I talked to.....the MC FADDENS, DAVIS', DRAYS, FRITSCH, GERNERS, HOWARDS, HUTCHINS, ROHRS, STALNECKERS, WESCOTT BOBERGE---If I missed anyone, I am sorry...my wife and her thinker gave out.....NEXT YEAR BIGGER & BETTER (if I can find VOLUNTEERS...) We had close to 400 people show up. A very nice crowd but only 135 stayed for the dinner and grand "finale". If you could not attend the banquet and enjoy all the GOOD STUFF..... SORRY....MAYBE NEXT YEAR.....

Nice ribbons and trophies were on display for the winners of the contests. Popular vote contests for the Riverside Live Steamers May 9th this time around. Ribbons and merchandise for the winners, car kits, structures etc.. If you have anything in displays, structures, locomotives, freight, caboose, M of W, kit or scratch, bring it along. These are separate categories. We will have something for the whole family to enter in. The Coal Shoveling Contest is a new one, I have thought up. It will be timed from Bin to Firebox. We have another Free merchandise contest for everyone to enter, SO COME OUT AND SEE WHAT WE HAVE AND ENTER INTO THE CONTESTS. Most of the Models that are entered are not "Master Model Railroad" types, just every-day models that a modeler has painted, weathered, or detailed a little bit. Just like you or me, whatever you have laying around, dust it off and bring it along. Let someone else enjoy it too... Should be a very interesting day.

WANTED: Volunteers to help me with Contests! NO EXPERIENCE NEEDED. Contact Frank Barone, Contest Chairman.

DEDINTERVERENCE

By "Big Sam" La Brecque

DEDication, INTERest & percerverENCE surely are only a few words that can describe BILL COLLETT of Santa Ana. Bill, "seventy-ish" is now working on his 5th layout...Progress is slowed, as he still works full-time in a medical lab as a Technician. The remarkable aspect of dedication was apparent, recently when it took $1\frac{1}{2}$ hours for him to make it to the Annual Banquet at Knotts. He had to get there by a series of Rapid Transit Busses. Bill talks about his first Model, some "40" years ago, being an "O" gauge New Haven freight car. It was fashioned from a wood cheese box (remember those?). He knew many of the pioneers in MRR, Al Kalmbach, Bill Walthers etc. Interest, we hear tell that he is a Chicago & So. Bend Buff! He has MRR Mag. going back to Vol. #1, No. 1.....SO TO COIN A WORD, "DEDINTERVERENCE".....
